**EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

1. Claims 1, 3-19, 21, and 22 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 19, and 21, the primary reason for allowance is that the prior art fails to teach or reasonably suggest that if each LMO is greater than a given threshold, to set arrears of the mask that correspond to this local region or regions to indicate omission from the GMO estimation, wherein the LMO values of those parts of the image not masked are not used in the calculation of the GMO.

As for claim 22, the primary reason for allowance is that the prior art fails to teach or reasonably suggest a video stabilization system wherein the system is arranged to adjust the border size on at least one edge of the image n such that it also covers an area on image n corresponding to blank space present on one or more previous images.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
